What is SciENcv?

NCBI's Science Expert Network Curriculum Vitae (SciENcv) is a research profile system compatible with both the National Institutes of Health (NIH) and National Science Foundation (NSF) biographical sketch requirements for funding. Researchers can use SciENcv to compile information on expertise, employment, education, and professional accomplishments to create biosketches for federal grant submissions and reporting. SciENcv also allows users to automatically pull data from outside sources like NCBI's My Bibliography and ORCID to add publications and other accomplishments to biosketches.

Upcoming Implementation - May 2025

Biosketches and Current and Pending Support for proposals and RPPRs for NIH submitted on or after May 25, 2025 must use the new Common Forms using SciENcv. NSF has already implemented the use of SciENcv. Other funding agencies are expected to follow suit.

Common Form for BioSketch

- Identifying Information, Organization and Location
- Professional Preparation(List of the senior/key person's professional preparation (e.g., education and training))
- Appointments and Positions
- Products
- Certification

Common Form for Current and Pending(Other) Support

- Identifying Information, Organization and Location
- Proposals/Active Projects
- In-Kind Contributions (disclose all in-kind contributions with an estimated value of \$5000)
- Certification

What you can do Now to Prepare

- Familiarize yourself with SciENcv
- Get an ORCID ID
- Link ORCID ID with your NCBI Account
- Look for additional Trainings

How to log in and get started with SciENCv

To access SciENCv, users must be able to access NCBI, either through eRA Commons, NIH Login, or an NCBI account.

Login to SciENCv:

<https://www.ncbi.nlm.nih.gov/sciencv/>

Click [here](#) for step by step instructions to create a SciENcv Biosketch and Current and Pending support.
