Global Safety & Security

Pre-Departure Briefings

Review travel risks associated with your upcoming travel or projects. Receive expert advice and destination intelligence for any destination.

International SOS (ISOS) Travel Assistance and Support

Emory partners with ISOS to offer travel support including emergency medical and evacuation.

Travel Alerts

Registering your travel with Global Safety and Security will enroll you in alerts impacting your itinerary and safety.

Emergency Response

Global Safety & Security can assist travelers in an emergency.

Program/Project Development

Consult experts on safety, security, and risk management related to international projects, programs, and initiatives.

Global Safety & Security Updates

New Director

Shaun M. Jamieson joined Emory in August as the new Director of Global Safety & Security. Shaun joins from Iowa State University where he was overseeing global safety, security, and risk management for 7 years.

Travel Restrictions

As of September 8, travel by faculty and staff to Israel no longer requires pre-approval by the Executive Travel Safety Committee (ETSC).

If you are traveling to Israel, it is still recommended to consult with Global Safety & Security to review your risks.

Travel to Israel for students, including graduate and professional, still requires approval by ETSC.
