

# SciENcv Updates and Guidance

Jeremy Kupsco, PhD  
Research Informationist,  
WHSC Library  
[jkupsco@emory.edu](mailto:jkupsco@emory.edu)

# Common Forms, SciENcv and ORCID Mandate

- Use of the Common Forms for Biographical Sketch, Current and Pending (Other) Support and NIH Biographical Sketch Supplement will be required for application due dates and all JIT, RPPR, and Prior Approval submissions on or after January 25, 2026.
- Investigators must also have ORCID iD for submissions on or after January 25, 2026.

# What is SciENCv?

---

NCBI's Science Expert Network Curriculum Vitae (SciENCv) is a research profile system compatible with the National Institutes of Health (NIH), National Science Foundation (NSF), Department of Energy (DOE), and US Department of Agriculture (USDA) biographical sketch requirements for funding. Researchers can use SciENCv to compile information on expertise, employment, education, and professional accomplishments to create biosketches for federal grant submissions and reporting. SciENCv also allows users to automatically pull data from outside sources like NCBI's My Bibliography and ORCID to add publications and other accomplishments to biosketches.

# Overview of NIH Common Forms Transition

## Standardized Federal Forms

NIH is adopting federally standardized Common Forms to unify disclosure and documentation across agencies.

## Simplification and Compliance

The Common Forms simplify submissions, making it easier for researchers to meet federal requirements.

## Transition Timeline

These forms will replace NIH-specific pages and are mandatory for applicants starting January 25<sup>th</sup>, 2026.

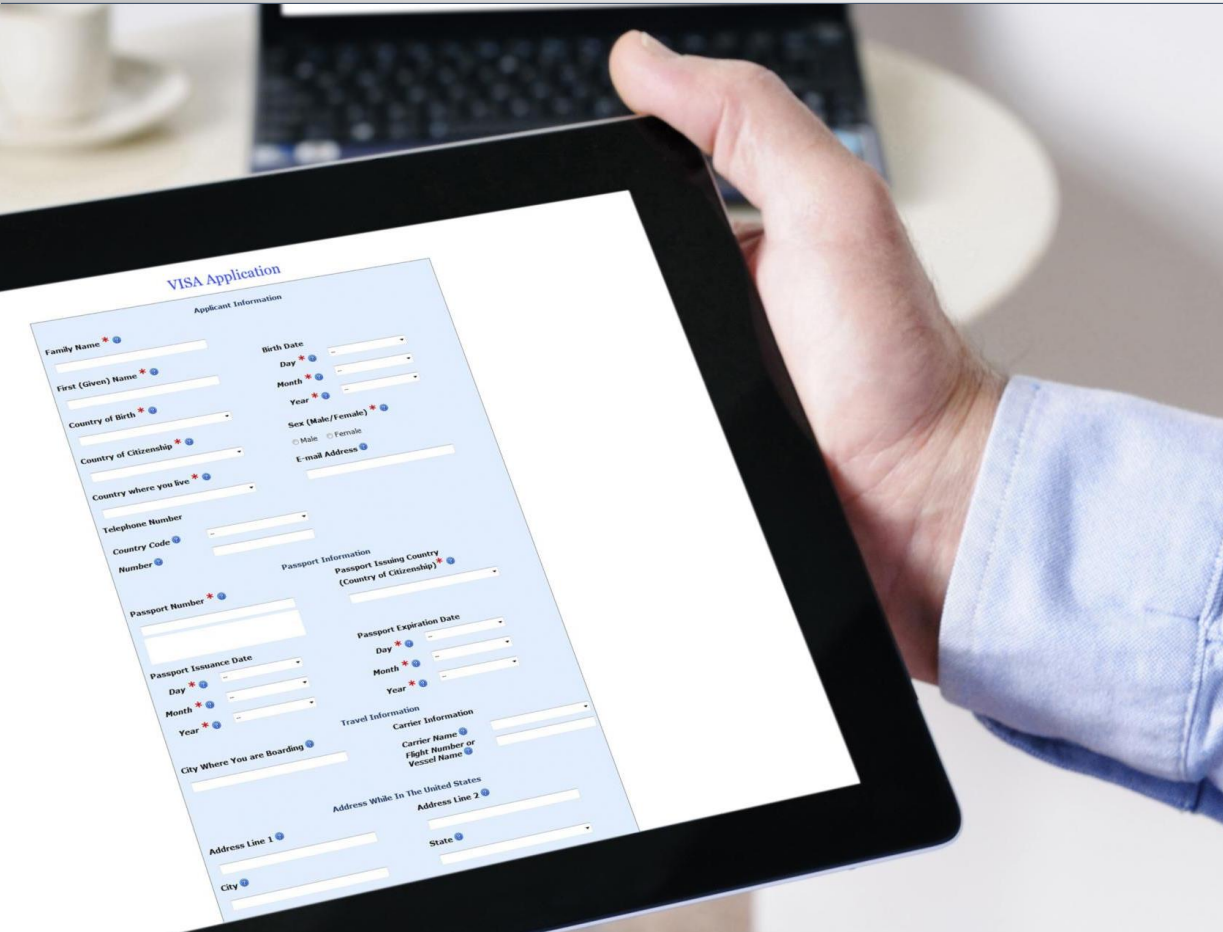

## Goals of Transition

The transition aims to enhance transparency, consistency, and reduce redundancy in grant applications.

# Integration with SciENCv

1/14/2026

5

## SciENCv Platform Overview

SciENCv allows researchers to create and maintain electronic CVs and support grant documentation efficiently.

## Form Integration Benefits

Integration enables auto-population of grant forms, reducing manual data entry and administrative workload.

## Profile and ORCID Importance

Keeping SciENCv profiles and ORCID IDs up-to-date ensures smooth data transfer and application processing.

## Enhancing Grant Process Efficiency

The integration supports NIH's goal to improve technology use for better user experience in grant submissions.

# Who needs to use SciENcv?

---

- The Biographical Sketch Common Form and NIH Biographical Sketch Supplement are required by each individual identified as a senior/key person on a Federally funded research project. For NIH, these instructions also apply to all other individuals required to submit a Biographical Sketch and NIH Biographical Sketch Supplement.
- If unsure check your application instructions

# Troubled Implementation

Thoughts on new Common Forms in SciENcv from Social Media:

- “If you don’t have hemorrhoids SciENcv will fix that for you”
- “If you are submitting an NIH grant in February, you will be required to use SciENcv to prepare your Biosketch. IT IS MUCH WORSE THAN YOU CAN POSSIBLY IMAGINE, set aside at least 4hours to transfer an existing biosketch into SciENcv”
- “I cannot get over how dysfunctional the now-required SciENcv system is. It’s agonizingly slow, filled with error, kick you out repeatedly and fails to save anything”

# How to log in and get started with SciENCv

---

To access SciENCv, users must be able to access MyNCBI, either through eRA Commons, NIH Login, or linked 3<sup>rd</sup> party account.

Login to SciENCv: <https://www.ncbi.nlm.nih.gov/sciencv/>

# Link Your MyNCBI Account

---

- Before you start using SciENCv link your MyNCBI Account
  - Link to eRA Commons
  - Link to ORCID iD

# Link Your MyNCBI Account

- Make sure you remember the login used to create account. (i.e. eRA Commons vs Emory vs ORCID)
  - Logging in with a provider account that is not linked can create new account
  - If you have multiple accounts or think you do contact: [info@ncbi.nlm.nih.gov](mailto:info@ncbi.nlm.nih.gov) and include the following in your message: NCBI username, eRA Commons username (if applicable), and any email addresses that may be associated with your account(s)

# Link Your MyNCBI Account

The screenshot shows the MyNCBI interface with a dropdown menu open. The menu is titled 'ACCOUNT' and contains the following items: 'Logged in as: jkupsco', 'Dashboard', 'Publications', 'Account settings' (highlighted with a red box), and 'Log out'. The background shows the 'My NCBI' section with a search bar, a 'My Bibliography' section with a loading indicator, and a 'Recent Activity' table.

# Set a Delegate for ORCID iD

The screenshot displays the ORCID iD profile page for Jeremy Kupsco. The top navigation bar includes the ORCID logo, the tagline "Connecting research and researchers", a user profile dropdown menu (highlighted with a red box) showing "Jeremy Kupsco", and a language selector set to "English". A search bar is located to the right of the user profile. The main content area is divided into a left sidebar and a right main section. The sidebar contains sections for "Emails & domains" (with a list of email addresses and verified domains), "Websites & social links", and "Other IDs" (showing a ResearcherID). The main section displays the user's ORCID iD and URL, followed by sections for "Names", "Biography", "Activities", and "Employment". The "Names" section is highlighted with a red box and shows the name "Jeremy Kupsco". The "Employment" section is expanded, showing a record for "Emory University: Atlanta, GA, US" with a date range of "2010-12-01 to present" and a role of "Research Informationist (Woodruff Health Sciences Library)".

## NIH Biographical Sketch Supplement

This NIH Biographical Sketch Supplement provides instructions for submission by each individual identified as a [senior/key person](#) on a Federally funded research project submitting a Biographical Sketch Common Form. For NIH, these instructions also apply to all other individuals required to submit a biographical sketch.

This format page should be appended to the respective Biographical Sketch Common Form of each individual submitting a biographical sketch for NIH. The format of the NIH Biographical Sketch Supplement is provided below.

## B. Honors \*

List any relevant academic and professional achievements and honors. In particular:

- Students, postdoctorates, and junior faculty should include scholarships, traineeships, fellowships, and development awards, as applicable.
- Clinicians should include information on any clinical licensures and specialty board certifications that they have achieved.

The Honors Section is limited to no more than 15 entries.

## Certification

[VIEW DRAFT](#)[↓ DOWNLOAD PDF](#)

Each senior/key person is required to complete the following certifications regarding the information provided in their Biographical Sketch:

I certify that the information provided is current, accurate, and complete. This includes but is not limited to information related to domestic and foreign appointments and positions.

I also certify that, at the time of submission, I am not a party to a [malign foreign talent recruitment program](#).

Misrepresentations and/or omissions may be subject to prosecution and liability pursuant to, but not limited to, 18 U.S.C. §§ 287, 1001, 1031 and 31 U.S.C. §§ 3729-3733 and 3802.

To be acceptable to the Federal research funding agency, the date of the signature must be within the past 12 months from when the document is submitted to the Federal research funding agency.

Delegates cannot certify the Biosketch or Current and Pending(Other) Support Forms, must be done by Investigator applying for award.

# Important information you should know

- A generated PDF file can be renamed. However, a file must not be exported or opened and re-saved in another application. This would affect the metadata of the file so that it could not be uploaded to Research.gov and Grants.gov.
- There is no longer a page limit for the Biosketch
- I want to format my Personal Statement into a specific format. What kind of formatting is allowed?
  - For any fields that allow narrative (i.e., Personal Statement and Contributions to Science), SciENCv does not support special formatting like italics, bolding, etc. Users can use all CAPS and/or line breaks. Please note that line breaks (like spaces) would add into the character count. Hyperlinks will not be supported.

# Important information you should know

---

- If you know to use HTML Tags, can you use those to format the Personal Statement and Contributions to Science so that the final PDF is formatted better? **THE NIH has not explicitly said that you can not add formatting to final pdf via HTML tags but the tags will count as characters.**

# Important information you should know

---

- You are allowed to use Research Products that are not NIH supported and do not have a PMCID
- All NIH supported work should have a PMCID
- If you import citations from ORCID, they may not have a PMCID depending on where the citation came from, i.e Web of Science

# Reported Bugs with New Forms

---

- Errors when trying to create Biosketch from eRA Commons, ORCID, or from previous older Biosketch
- If you add research products from ORCID, citation may duplicate in My Bibliography
- Citations from My Bibliography no longer show up as options to choose for Products.
- Errors downloading PDF
- Hyperlinks show up in PDF even thou they are not allowed

# How to get help from NLM?

---

Contact NLM support:

<https://support.nlm.nih.gov/support/create-case/>

Support currently states answers may not be received until after January 20<sup>th</sup> due to volume.
