<tbody>
<tr>
<td>Working with the IACUC</td>
<td>All staff included in the research team</td>
</tr>
<tr>
<td>Pain Management in Laboratory Animals</td>
<td>All staff with animal contact</td>
</tr>
<tr>
<td>Introduction to [Species]</td>
<td>By species</td>
</tr>
<tr>
<td>Aquatic Animal Husbandry</td>
<td></td>
</tr>
<tr>
<td>Post-Procedural Care of Rodents</td>
<td></td>
</tr>
<tr>
<td>Inhalation Anesthesia Systems for Rodents</td>
<td>If performing surgery of rodents</td>
</tr>
</tbody>
</table>

2. Rodent Weaning Training (online)
   - Required for all staff performing weaning or rats and mice at SOM-DAR.
   - Enroll - ELMS Course 265050 (http://elmprod9.emory.edu)
   - Course can then be launched from the “My Learning” page on ELMS.

3. Aseptic Survival Surgery for rodents, birds and amphibians Lecture (online)
   - This should be taken ONLY by personnel who are planning to start conducting surgery within 90 days.
   - Required for all staff performing survival surgery of rodents, birds and amphibians at SOM-DAR.
   - Enroll - ELMS Course 265020 (http://elmprod9.emory.edu)
   - This course is given via zoom. DAR Training Staff will send course specific information after enrollment.

Training Require After Protocol Approval:

1. Survival Surgery in rodents, birds or amphibians Proficiency Assessment (in person)
   - Required for all staff performing survival surgery of rodents, birds and amphibians at SOM-DAR.
   - Contact DAR Training (dartrn@emory.edu) to schedule within 30 days of starting surgery.

2. CO2 Euthanasia Training (in person)
   - Required for all staff performing CO2 Euthanasia at SOM-DAR.
   - Contact DAR Training (dartrn@emory.edu) to schedule within 30 days of protocol approval.

3. Physical Methods of Euthanasia Training and Assessment (in person)
   - Required for all staff performing physical methods of euthanasia without anesthesia (ex. cervical dislocation, decapitation, etc.) at SOM-DAR.
   - Contact DAR Training (dartrn@emory.edu) to schedule within 30 days of protocol approval.
4. Survival Surgery of Large Animals Lecture (online)
   - Required for all staff performing survival surgery of large animals (ex. pigs, sheep, rabbits, etc.) at SOM-DAR.
   - Enroll - ELMS Course 265022 ([http://elmprod9.emory.edu](http://elmprod9.emory.edu))
   - This course is given via zoom. DAR Training Staff will send course specific information after enrollment.

5. Survival Surgery of Large Animals Proficiency Assessment (in person)
   - Required for all staff performing survival surgery of large animals at SOM-DAR.
   - Contact DAR Training ([dartrn@emory.edu](mailto:dartrn@emory.edu)) to schedule before first surgery is scheduled.

6. Species Specific Handling and Techniques Training Workshops (in person)
   - Required for persons without prior experience working with the species on the protocol.
   - Contact DAR Training ([dartrn@emory.edu](mailto:dartrn@emory.edu)) to schedule within 30 days of protocol approval.

Continuous Education (CE) refresher training –

1. DAR SOM Orientation CE
   - Required for all personnel listed in an IACUC protocol at Emory University SOM during triennial review. This training is required to be completed prior to protocol re-approval.
   - Enroll - ELMS Course 265008 ([http://elmprod9.emory.edu](http://elmprod9.emory.edu))

**Note: Please contact DAR Training Staff with any questions regarding the above trainings and for more information ([dartrn@emory.edu](mailto:dartrn@emory.edu))**
Researcher Education and Training Requirements for the Emory Primate Center (EPC) DAR

Training Required Prior to Working on an Approved Protocol:

1. AALAS Learning Library Courses (online: [https://rcra.emory.edu/iacuc/training/web-training.html](https://rcra.emory.edu/iacuc/training/web-training.html))

</table>

2. EPC Didactic Aseptic Surgery Training; Species Specific (in-person lecture)
   - This should be taken ONLY by personnel who are planning to start conducting surgery within 90 days.
   - Required for all staff performing survival surgery of rodents or nonhuman primates at the EPC.
   - Contact epc-dartrn@emory.edu to schedule.

Training and Assessments After Protocol Approval:

1. EPC Rodent Weaning Training (in person)
   - Required for all staff performing weaning or rats and mice at EPC
   - Contact epc-dartrn@emory.edu to schedule prior to performing procedure.

2. EPC Rodent CO2 Euthanasia Training (in person)
   - Required for all staff performing CO2 Euthanasia at EPC.
   - Contact epc-dartrn@emory.edu to schedule prior to performing procedure.

3. EPC Surgery Assessment; Species Specific (in person)
   - Required for all staff performing survival surgery of rodents or nonhuman primates at EPC.
   - Contact epc-dartrn@emory.edu to schedule within 30 days of starting surgery.

4. Physical Methods of Euthanasia Training and/or Assessment (in person)
   - An Assessment is required for all staff performing physical methods of euthanasia without anesthesia (ex. cervical dislocation, decapitation, etc.) at the EPC; training available upon request
   - Contact epc-dartrn@emory.edu to schedule prior to performing procedure.

5. EPC Basic Rodent Handling for New Users (in person)
   - Required for persons without prior experience working with the species on the protocol.
   - Contact epc-dartrn@emory.edu to schedule prior to performing handling procedures.
Continuing Education (CE)

1. EPC Facility Refresher
   - Required for all personnel listed in an IACUC protocol during triennial review. This training is required prior to protocol re-approval
   - Contact epc-dartrn@emory.edu to schedule.

**Note: Please contact the EPC DAR Training Coordinator (epc-dartrn@emory.edu) with any questions regarding the above trainings and for more information.

Responsible Official: Research Administration

Administering Division/Department: Research Compliance and Regulatory Affairs / IACUC

Effective Date: 06/01/2022

Last Revision Date: 06/01/2022
